

CONTINUING OCCUPATIONAL THERAPY EDUCATION [COTE]

on

Wheelchair – Seating and Mobility

[A Certificate Course]

organized by

All India Institute of Physical medicine & Rehabilitation, Mumbai

in collaboration with

Academic Council of Occupational Therapy of AIOTA

Continuing Occupational Therapy Education organized by All India Institute of Physical medicine & Rehabilitation, Mumbai in collaboration with Academic Council of OT for members of AIOTA is intended to provide planned & organized learning activities designed to maintain, improve, or expand knowledge and skills. It develops new knowledge and skills relevant to the enhancement of practice, education, or theory to improve the safety and welfare of the patients in hospitals, institutions and private set ups. THE WHEELCHAIR is among the most important therapeutic tools in rehabilitation. Appropriate training of the Occupational therapists responsible for prescribing, adjusting and training wheelchair users is an important consideration. This COTE is designed to provide a clinical training program on manual and motorized wheelchairs for Occupational Therapists. Assessment of the client's needs including: individual physical dimensions, posture, positioning and pressure distribution, functional requirements, transfer methods, environmental factors, wheelchair transportation needs and ergonomic considerations are the areas which will be covered. To increase awareness of legislative issues and professional responsibilities in relation to wheelchair provision will also be discussed.
