ABOUT

After successful completion of AIOTA's 9 months duration Fellowship in Advanced OT in Neuro-Rehab (FAOT:NR) in June 2019 & FAOT in Neurodevelopmental Disorders (FAOT-NDD) IN 2018, Academic Council of Occupational Therapy (ACOT) is inviting members to enroll for “**AIOTA's 3rd Annual Fellowship in Advanced Occupational Therapy: Musculoskeletal Rehab & Ergonomics (FAOT:MS&E-India), From October 2020- July 2021**

The AIOTA Fellowship Programs in Advanced OT are aimed to

- Enhance the knowledge base and clinical skills of Post graduates in Occupational therapy. The Fellowship program offers a blend of clinical expertise and knowledge from all across the Globe.
- Provide unique opportunity for didactic as well as web based learning backed by expert supervision and evidence based practice guidelines.

OBJECTIVES

- To identify, administer and interpret appropriate comprehensive advanced OT assessment to detect musculoskeletal disorders/diseases/ injuries.
- To delineate and implement more than one treatment modality from the available evidences in musculoskeletal and hand conditions and work rehabilitation.
- To enhance clinical decision making skills & supplement practice with newer alternative treatment modalities .
- To learn & apply Standardised Ergonomic Assessment Tools & to learn Office , Hospital School Ergonomic Program
- Enable documentation skills and analysis of records to delineate effectiveness and appraise the intervention in MSK rehab.
- To build research skills, impart organizational and managerial skills as an occupational therapy practitioner.
